Arizona's azpro Listed Among Inc. Magazine's 5000 Fastest-Growing Private Companies

Large-Scale Printing & Graphics Provider Surpassed \$8.5 Million in Revenue Last Year

AVONDALE, Ariz. – Azpro has long been the go-to for Arizona businesses looking to give their brands the upper hand, and the full-scale design, printing and graphics installation provider did the same for itself with its inclusion in this year's Inc. 5000 list of the nation's Fastest-Growing Private Companies.

Azpro's impressive, three-year growth of 91 percent and its \$8.5 million 2016 revenue was enough to land the Arizona-based creative services provider the #3443 spot on the prestigious

list, which seeks to recognize businesses across the nation that make major strides within their respective industries.

“It’s a proud day for us, and it’s a testament to what we’ve worked so hard to build for the last 13 years,” said Jason Prenovost, who co-owns the business alongside his brother, Chris. “When you check out this year’s other winners, it’s a highly competitive crop, and it’s one we’re thrilled to be a part of.”

The premier print publication for small businesses and entrepreneurial spirits for more than 35 years, Inc. Magazine produces an annual list of the year’s most notable and inspiring entrepreneurs, spotlighting the hottest products, the most sought-after services and the biggest movers and shakers in technology, arts, media and more.

Known for its borderline-obsessive attention to customer service as much as it’s bold, head-turning designs, azpro has expanded its capabilities as well as its footprint considerably since it first launched in Arizona in 2004, catering to clients nationwide like Coca-Cola, Amazon, Kroger and more.

“With this prestigious designation, we are setting the bar even higher in 2018,” Prenovost said. For more about AZPro, visit AZProGroup.com.

###

About azpro

What started running out of a spare bedroom in 2004 has become Arizona’s and the nation’s go-to source for impactful large-scale graphics as well as unmatched industry and product know-how. President Jason Prenovost founded azpro after noticing a lack of standards and quality in the large-scale printing and graphics industry. With the help of his brother Chris, Jason took matter into his own hands, and over 10 years later, azpro now proudly resides at the top of its industry, having served over 5,000 clients, wrapped over 3,000 vehicles and worked with some of the most recognized name brands in the country. Now, based out of our headquarters location in Avondale in 2017, azpro is a collective of nearly 100 employees strong and we continue to grow each year.
